CONSENT FOR TREATMENT OF A MINOR (Parent/Guardian signature required if student is under 18)

Maryland law requires surgical and medical treatment of minors and release of medical information to hospitals, physicians, and insurance companies regarding conditions treated by McDaniel College Wellness Center be at the request of and with the approval of their legal guardians. This right to request an approval may be delegated to college officials. It is our policy to notify a student's guardians as soon as possible in the event of major illness or injury; however, it is impractical to do so for every minor illness or injury requiring treatment. It will help us protect the health of your child and expedite their care if you delegate for the college to use discretion in these matters. I give my permission for such diagnostic and therapeutic procedures as may be deemed necessary for my child and agree to present information concerning my child's medical condition to other responsible college officials when deemed desirable. I understand that no major procedure will be performed- except in extreme emergency, without my being contacted and fully informed.

HEALTH INSURANCE INFORMATION: ***INSURANCE CARD: Please attach a copy of Insurance Card (front and back)***

McDaniel College requires ALL full-time undergraduate students to have health insurance. McDaniel offers students the option of purchasing a comprehensive Student Health Insurance Plan. If you currently have health insurance coverage and would like to waive the option of purchasing the Student Health Insurance Plan, you must waive the policy no later than **September 15th** by completing the waiver found at www.studentplanscenter.com. If you do not complete the online waiver to provide proof of health insurance coverage by the deadline, you will be automatically enrolled in McDaniel's Student Health Insurance Plan and the charge will be applied to your tuition account. Students will need to waive the insurance each year that they are enrolled in McDaniel College. Please review your current plan to be sure that your benefits extend to the Maryland area.
