

McDaniel College Reopening Plan

CLEANING

Enhanced Disinfection

Labor

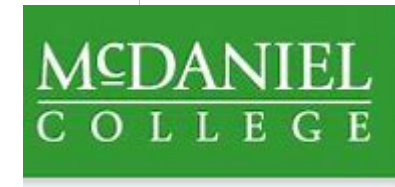

- Add an additional 20 FTE's to disinfect high touch surfaces as well as increase cleaning frequencies in Residential, Administrative and Academic buildings
- Adding additional shifts to include additional portering times and frequencies that will be staggered to ensure flexibility
- Conduct frequent disinfecting of heavy transit areas and high-touch surfaces (e.g., light switches, doorknobs, elevator buttons throughout the day) minimum of 4 times per day
- Clean shared spaces (e.g., elevators, bottle fillers, conference rooms, restrooms, classrooms) between use –minimum 4 times per day
- Post cleaning logs that include date, time, and scope of cleaning that are visible on the back of the bathroom doors

Additional Staffing hours and positions

Staffing	Responsibilities
2 -Supervisors (1pm – 9:30pm)	Provide additional leadership for 2 nd shift cleaners (these will be working supervisors)
8 -Porter Positions (1pm-9:30pm)	Continuing to monitor Residence Halls bathrooms, activity areas, Student Center improvement areas, additional trash removal in Residence Halls, disinfect all common areas in the Residence Halls and high traffic areas, high touch surfaces
8- 2 nd shift Custodians (1pm-9:30pm)	Specifically assigned to areas of the Campus to extend our standard day cleaning/disinfecting of Academic, Administrative buildings
2-3 rd shift Floor Care Technician	Aramark will create a rotating schedule to cover all floor types and areas to be cleaned, scrubbed and disinfected

Note: This is an initial schedule based on expected tasks and frequencies. We will modify based on traffic flow and needs.
