

## 5. Graduation Rates

McDaniel College annually files an Integrated Post-Secondary Education Data System (IPEDS) report to the federal government in accordance with their data guidance. Upon entry to the College, students are assigned a First Time First Year (FTFY) cohort from which graduation rates are calculated in subsequent years. The 2019-20 IPEDS graduation rate is calculated on the FTFY for 2014. Please note 2020 was only the second year we had graduates from our newly-approved Elementary Education major, and no one from the FTFY 2014 chose to be an Elementary Education major. Although the IPEDS does not require graduation rates for graduate students, McDaniel reports initial certification students' graduation rate for both undergraduate education minors and those students who earn their initial certification through the graduate Masters in Teaching Program, which is typically a part-time program.

<b>Undergraduate Graduation Rate 2019-2020</b>	<b>FTFY 2014 All Majors</b>	<b>FTFY 2014 Education Major</b>	<b>FTFY 2014 Education Minor</b>
Less than Expected (<4 years)	0%	0%	0%
Expected (4 years)	52%	0%	57%
More than expected (6 years)	62%	0%	43%
Transfers out	4%	0%	0%

<b>Graduate Graduation Rate 2019-2020</b>	<b>2020 GR Master's in Teaching</b>	<b>2019 GR Master's in Teaching</b>	<b>2018 GR Master's in Teaching</b>
Less than Expected (<7 semesters)	33%	31%	33%
Expected (7 semesters)	25%	49%	44%
More than expected (8-9 semesters)	33%	15%	12%

Incomplete	9%	5%	11%
